

Fresh, Homemade Pound Cakes, Straight From Our Oven to Your Front Door

Is there anything better than a fresh, just-from-the-oven homemade pound cake?

It's been said that life's simple pleasures are the best.

Without question, a just-baked, hot-from-the-oven homemade cake IS one of life's simple pleasures. Trouble is, having a homemade cake usually means YOU have to make it.

But not any longer.

All of the down-home delights of a fresh homemade cake, with none of the work!

We'll do the work of baking your cake for you.

But other than not having to mess up your kitchen, it'll be just like you made it. That is, if you're REALLY GOOD at making pound cakes!

- **Homemade Fresh**
We deliver our cakes fresh and hot to your house, right out of the oven.
- **No Preservatives**
No need to worry about what's in our cakes. We use the same pure, natural ingredients you would use.
- **Many Flavors, Shapes and Sizes to Choose From**
If you're making a cake at home, you don't make the same old thing every single time, do you? Neither do we! We offer a delightful variety of flavors, shapes and sizes.
- **From Our Family to Yours**
Our business is family-owned and family-operated. Even our recipes are family recipes (great-grandma would be proud!).

Sugar-free and free delivery, too! Isn't that sweet?

If you're on a sugar-restricted diet, don't worry. We offer a **sugar-free** version of all our cakes.

And not only are our cakes priced very reasonably, we also **deliver them for free**. That's right, no extra charge for whisking your cake straight from our oven to your front door!

Make it a regular thing!

You can set up a subscription to have a cake automatically delivered every day, every week, every month – as frequently as you wish.

You can tell us the size, shape, and flavor you want for your subscription cake, and like clockwork, it'll be delivered right to your front door every time, exactly when you specify.

What could be easier?

It's a bit like having your cake and eating it too, wouldn't you agree?
