

Welcome to Christmas Designers

The Go-To Source for All of Your Holiday Designs and Decorations

It begins with just a twinkle in your eye - the spark of an idea, a decorating dream.

Christmas is coming. And *this* year, you plan to be ready for it.

Even now, just thinking of it, you can feel a tingle of anticipation. It's the magic of the Christmas spirit. It's that all-too-brief time when the world is truly a better place. People are friendlier, happier. It's the *best* time of the year for your business.

This year, you're going to delight your customers with decorations that will wow them. Get them talking. Have them excited to stop by. Decorations that reflect the joy of the season; that celebrate the Christmas spirit.

But where to begin? How do you make the dream a reality?

The answer is simple - you tell us about your dream. We'll design it and implement it for you. We'll turn your dream into a reality. That's why we're here.

Christmas Designers is the Premier Provider of Commercial Decorating Services in Florida

We're one of the largest commercial decorating companies in the nation. We've been in business for nearly half a century.

But we've achieved our success the old-fashioned way - one satisfied customer at a time. We've done that by offering:

- Unparalleled customer service
- Genius design (OK, maybe we're not modest, but we're good!)
- A wide range of installation services
- Sales of commercial products
- Year-round service (Nope, we're not on vacation from February to November!)

Christmas is Fun, But Let's be Honest...

Christmas is also big business. It's a big part of *your* business.

The holidays are truly a magical time of the year. But it's also a time when you must do all you can to stay competitive. And while the dream décor you envision will bring joy to your customers, you know that it will also help you to top your competition.

No need, though, for the 'business factor' to diminish the joy of Christmas for you or your customers. Christmas magic and business realities can be balanced quite nicely.

And we have decades of experience in blending the two into a perfect mix that's satisfying for all.
